Message

Dear Partners and Friends! Ukraine is grateful for the already provided help and support, the beneficiary of which is the Ukrainian people. Ukraine continues to fight desperately with the Russian occupiers to protect our land, while suffering from the significant destruction of not only critical infrastructure (as such is determined by the aggressor), but also the residential areas, resulting in a significant increase of losses among the civilians.

Ukrainians are protecting their land; the nation has become united in front of the enemy. All people, from children to adults, stand side by side in order to ensure the Motherland's freedom and sovereignty.

We, the Ukrainians, are grateful for your strong position that has been demonstrated by the civilized world and being presently demonstrated and will be very grateful for all types of support, including not only verbal but also material.

The National Bank of Ukraine has opened the current account for humanitarian purposes to the Ministry of Social Policy of Ukraine.

The account will be used to collect donations in Ukraine and abroad. Ministry of Social Policy of Ukraine will use all collected funds to support the Ukrainian people who is suffering the most from the war.
